Search: Hamilton County Overdose

Hamilton County Health Department is excited to announce the release of the organization's new smartphone application. This app will serve as a new way for the health department to connect with Hamilton County residents and visitors, providing information quickly and efficiently to anyone with a smartphone.

The Hamilton County Overdose Rescue app was developed by ThePublicHealthApp.com, a division of OCV, LLC. The app offers quick access to items of public interest and is easy to use. In just a few clicks, users can access features including:

- Educational Info
- Overdose Updates
- Emergency Overdose Help
- Narcan Form
- Opioid Overdose Information
- Auto-Injector Administer Info
- More!

ThePublicHealthApp.com specializes in smartphone app development for health departments and public safety organizations across the country. With more than 500 apps in the app stores, OCV, LLC designs and develops custom apps for state, county, and local government agencies.

“Over 80 percent of people in the United States own and use smartphones as their primary means of communication,” OCV Vice President Kevin Cummings said. “Mobile apps offer agencies a better way to alert, inform and prepare the public. Apps allow public safety agencies the ability to reach and serve their citizens where they are: their smartphones.”

The Hamilton County Overdose Rescue app is available for download for free in the App Store and Google Play. Search “Hamilton County Overdose” or [click here](#) to download the app.
